

Typo Effect Analysis

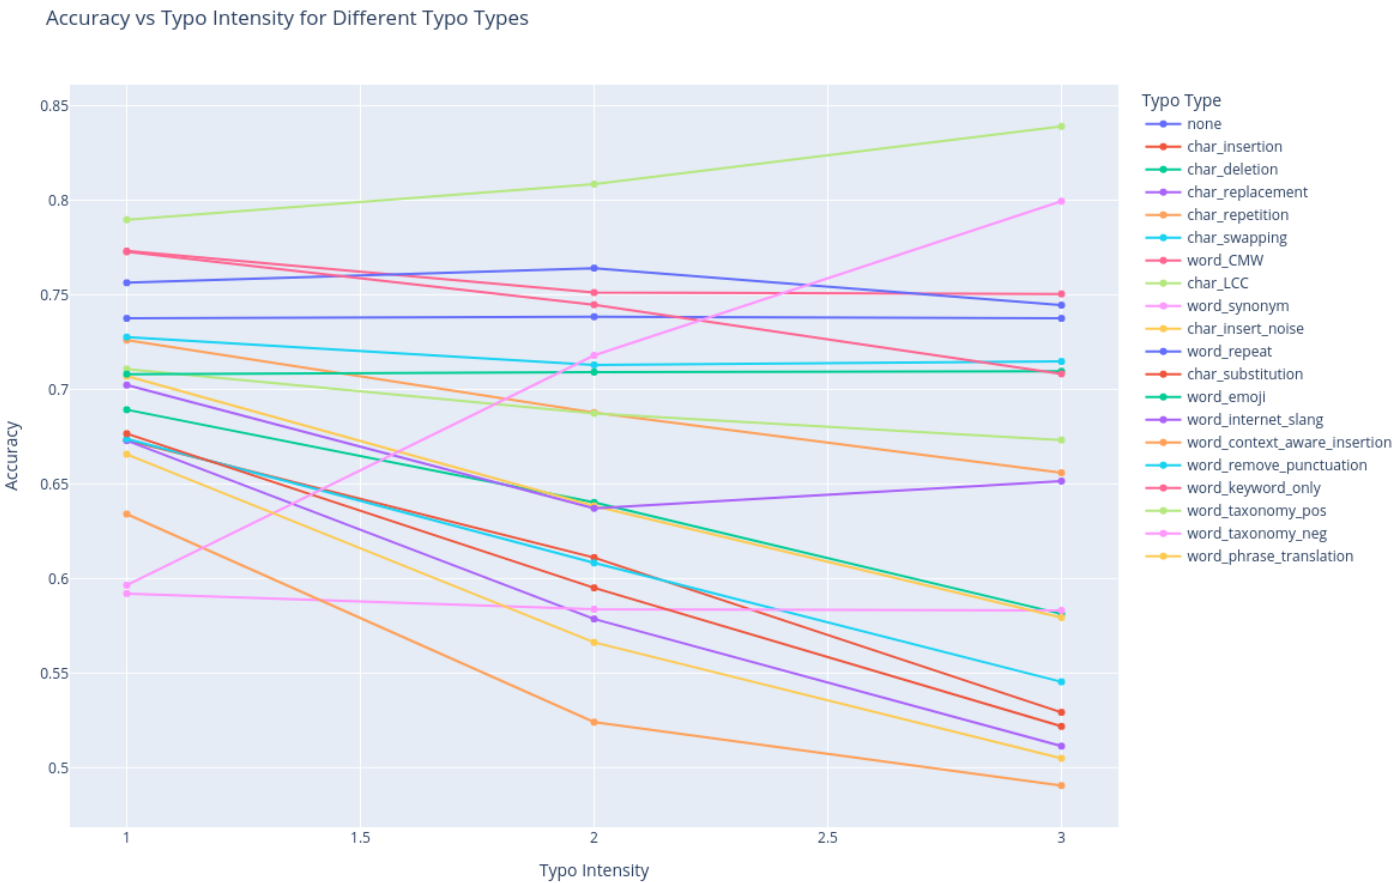

Model: Llama-3-8B

Strategy: Direct Completion

Max New Tokens: 25

Temperature: 0.1

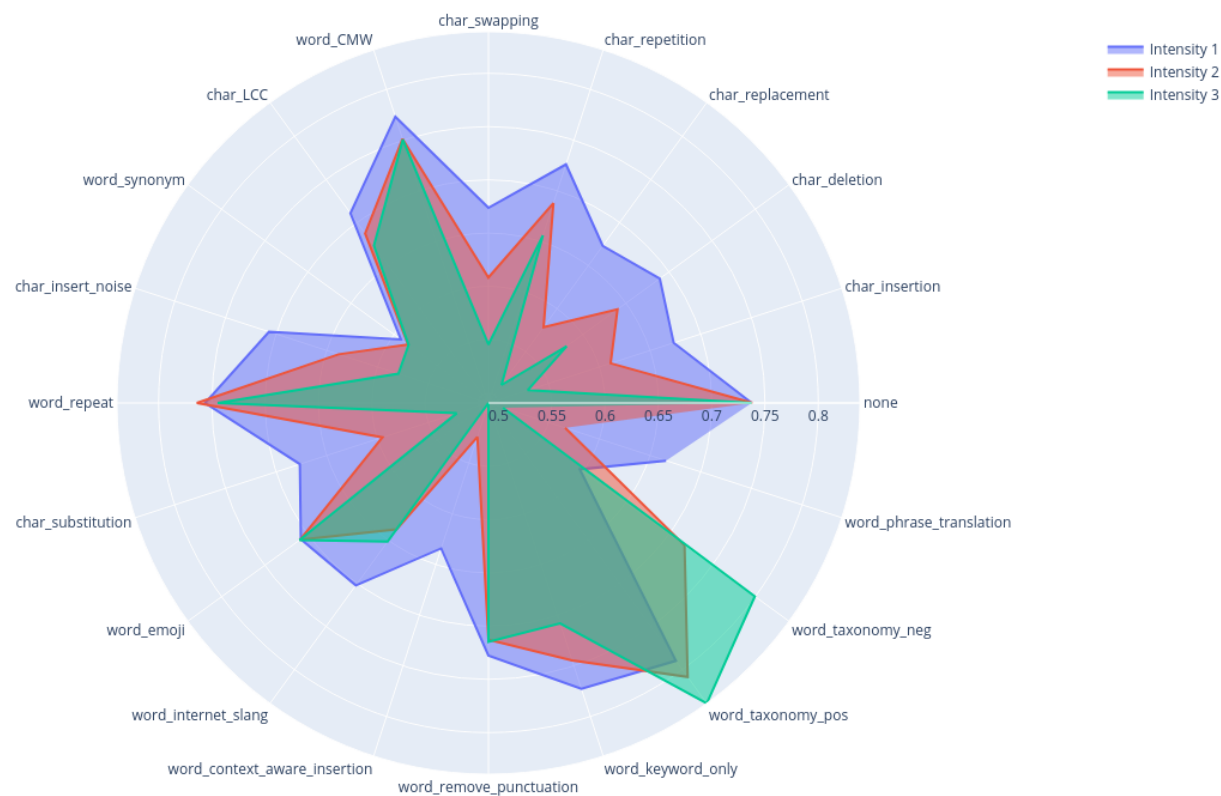

Line Plot of Accuracy

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

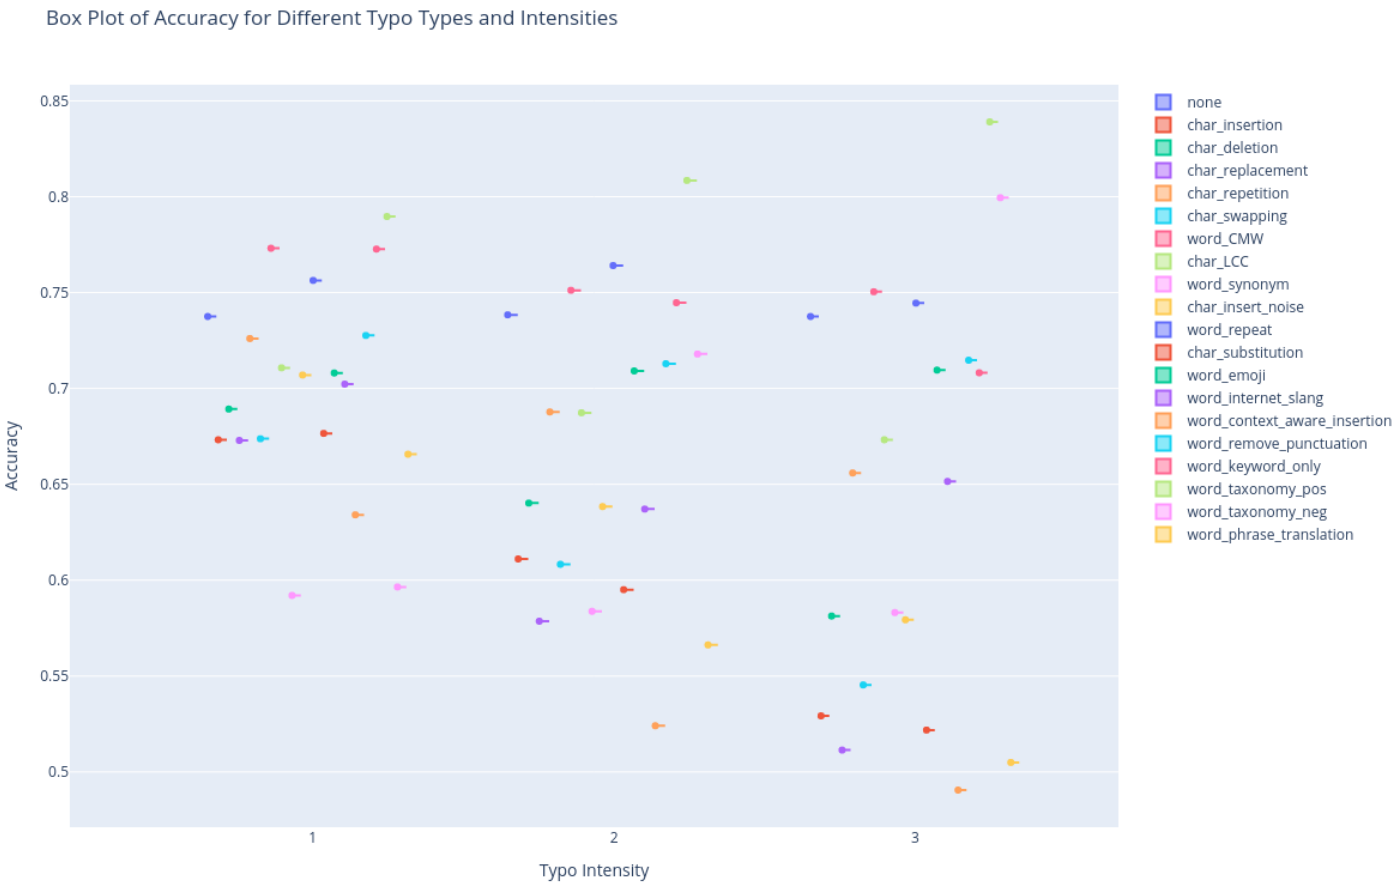

Radar Plot of Accuracy

Radar Plot of Accuracy for Different Typo Types and Intensities

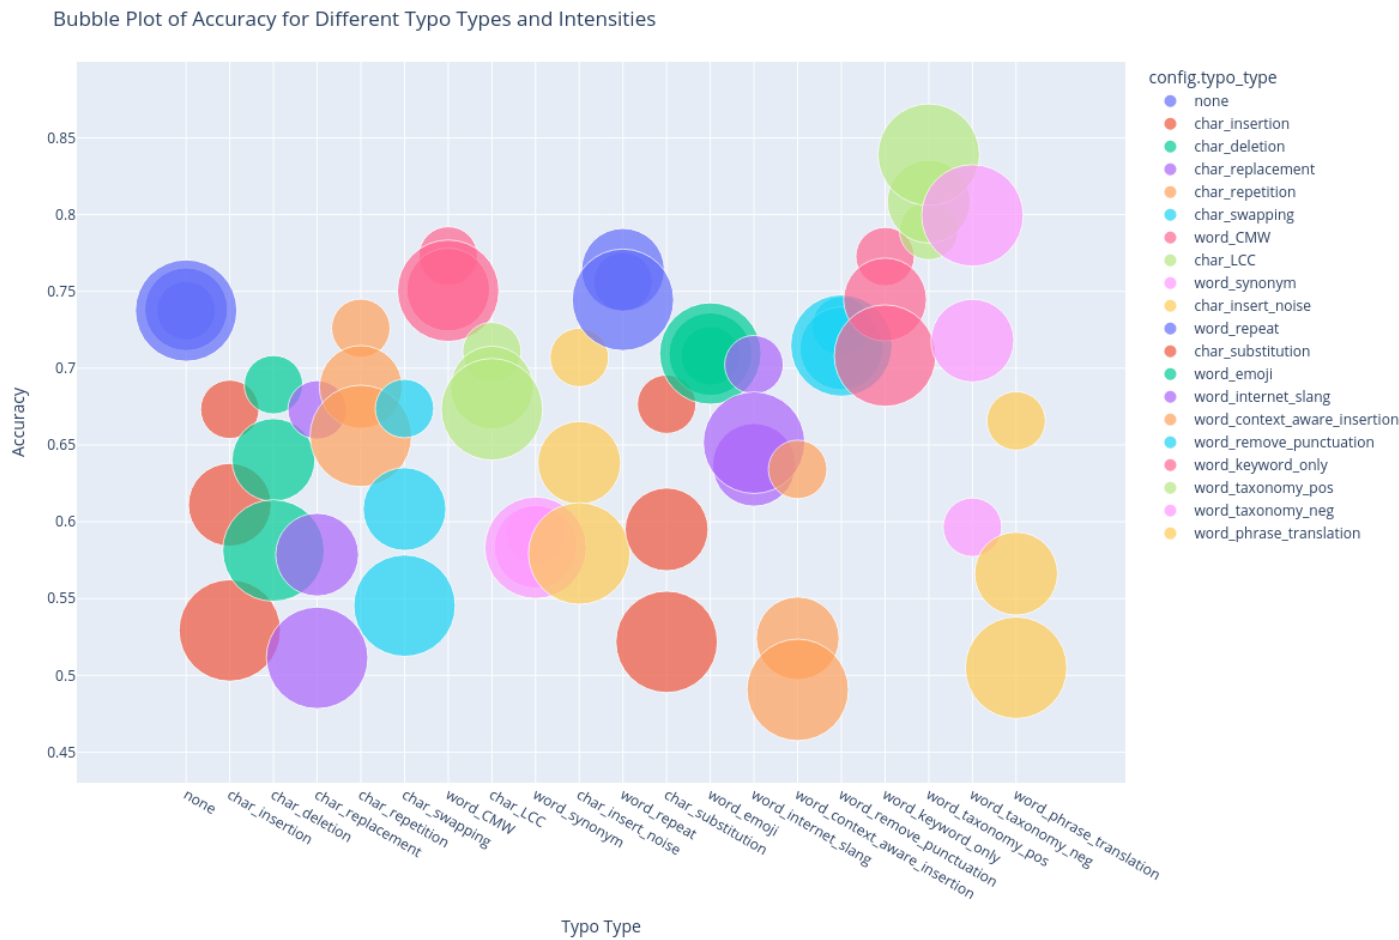

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Box Plot of Accuracy

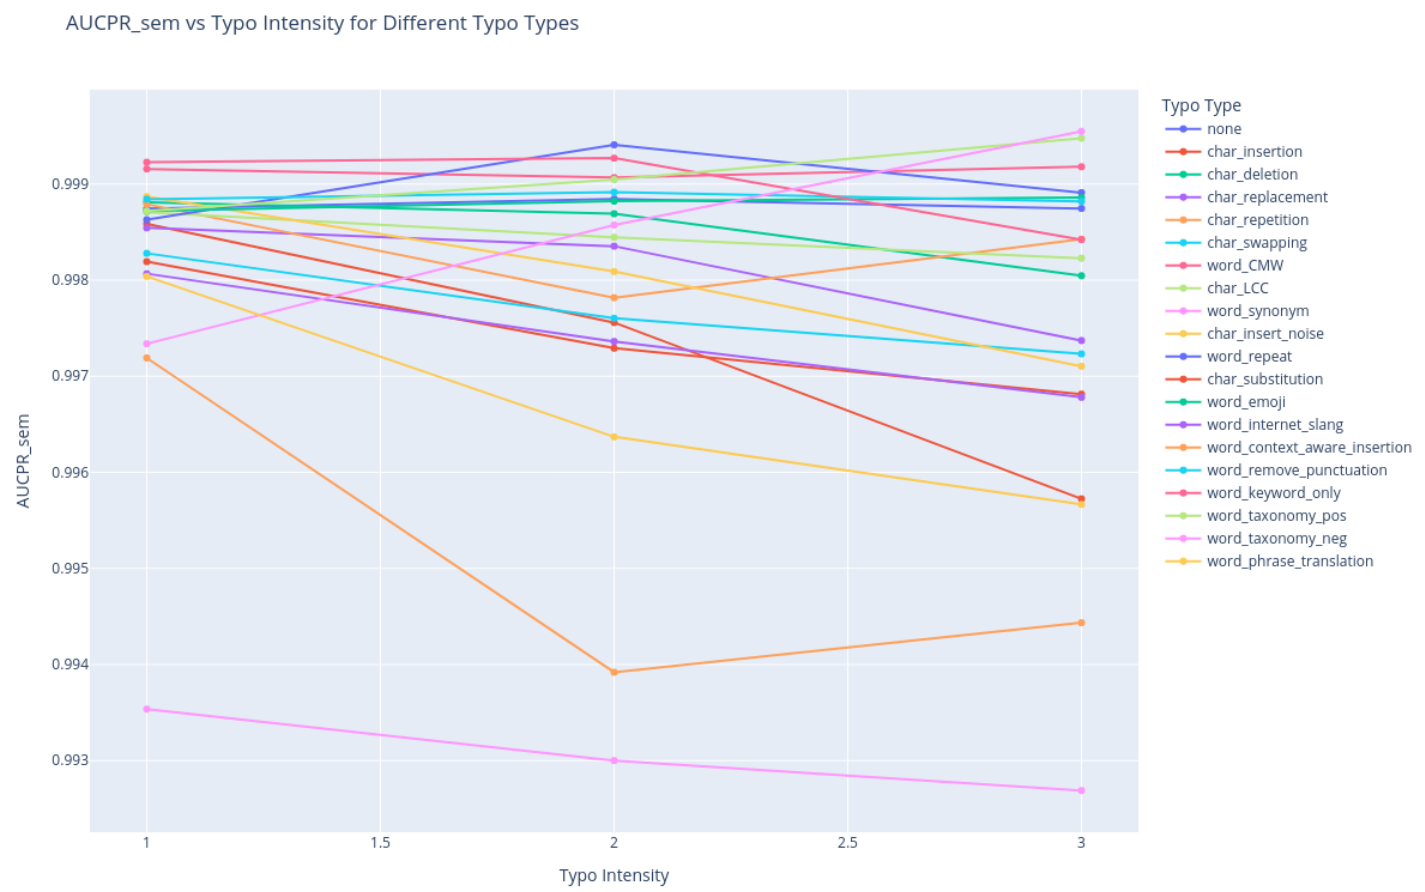

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Bubble Plot of Accuracy

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

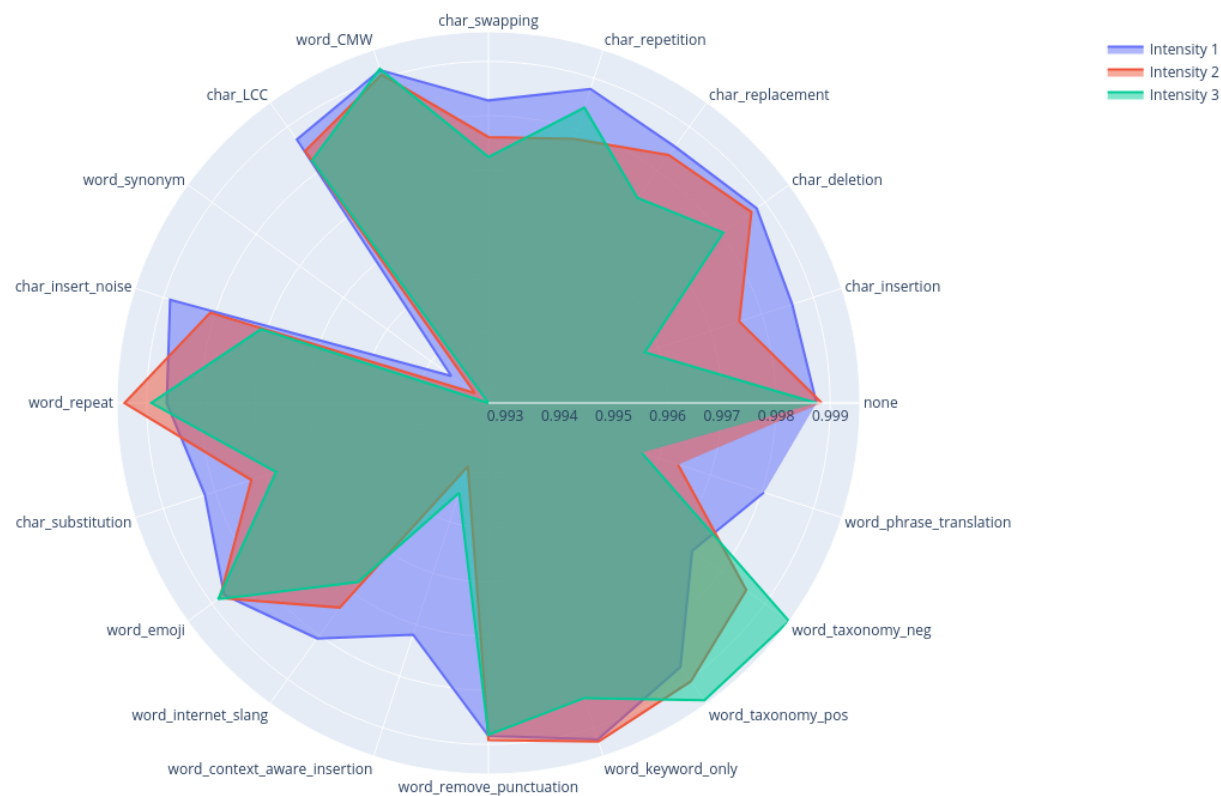

Line Plot of AUCPR_sem

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

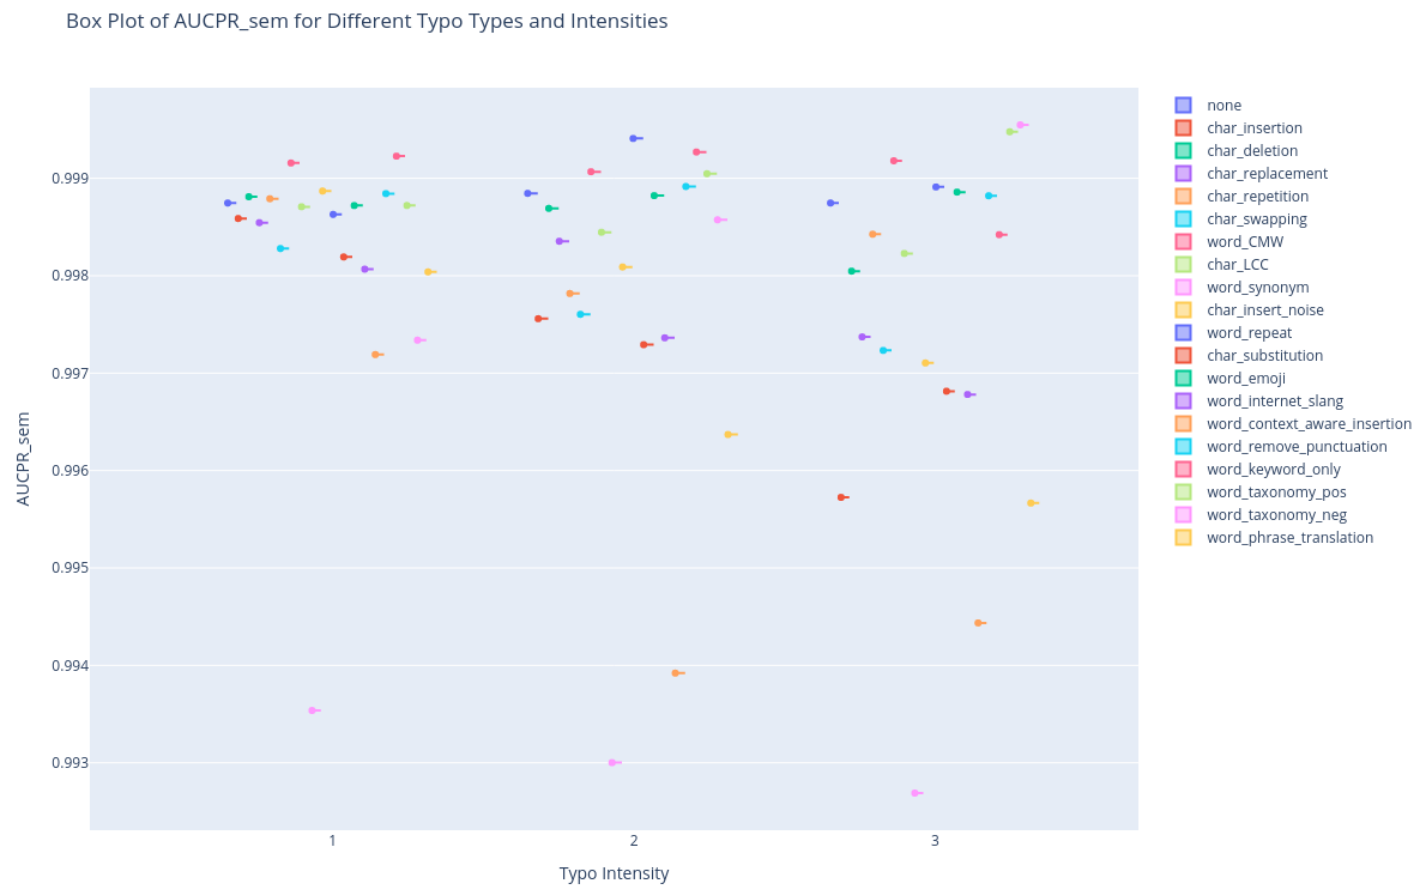

Radar Plot of AUCPR_sem

Radar Plot of AUCPR_sem for Different Typo Types and Intensities

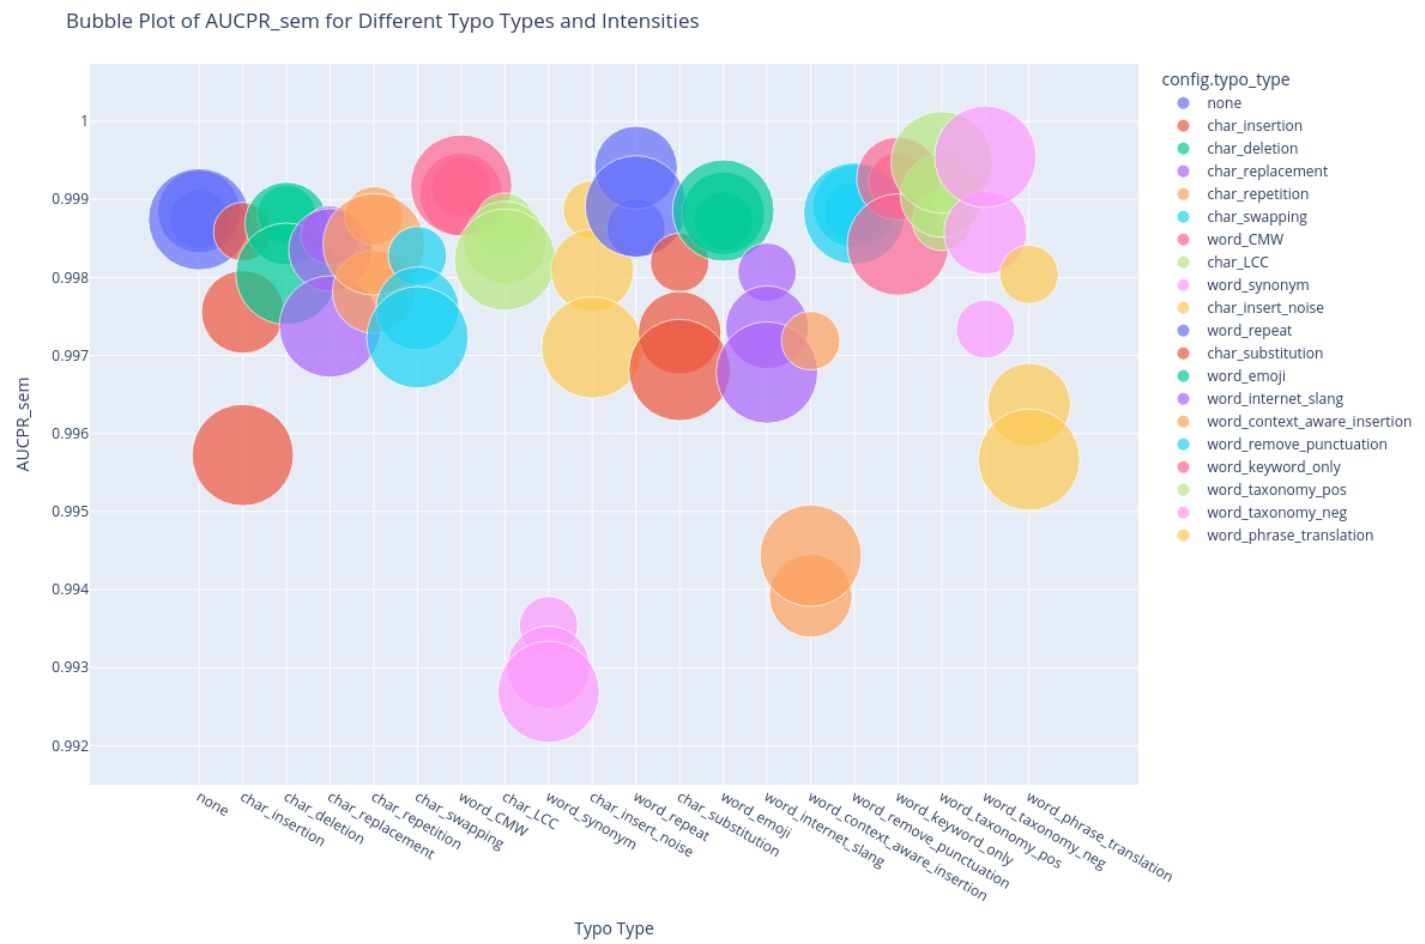

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Box Plot of AUCPR_sem

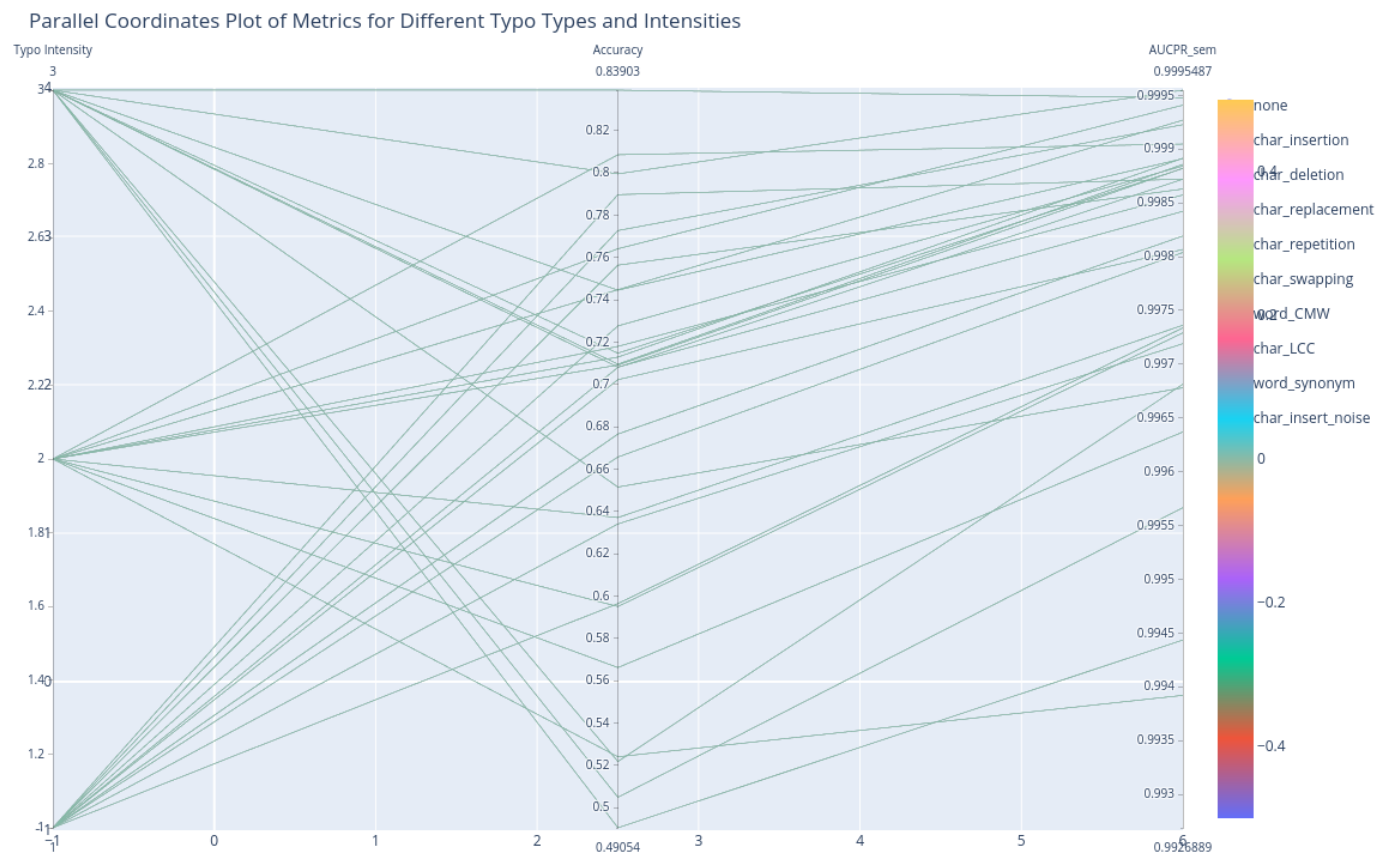

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Bubble Plot of AUCPR_sem

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Parallel Coordinates Plot of Metrics

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.
