

Typo Effect Analysis

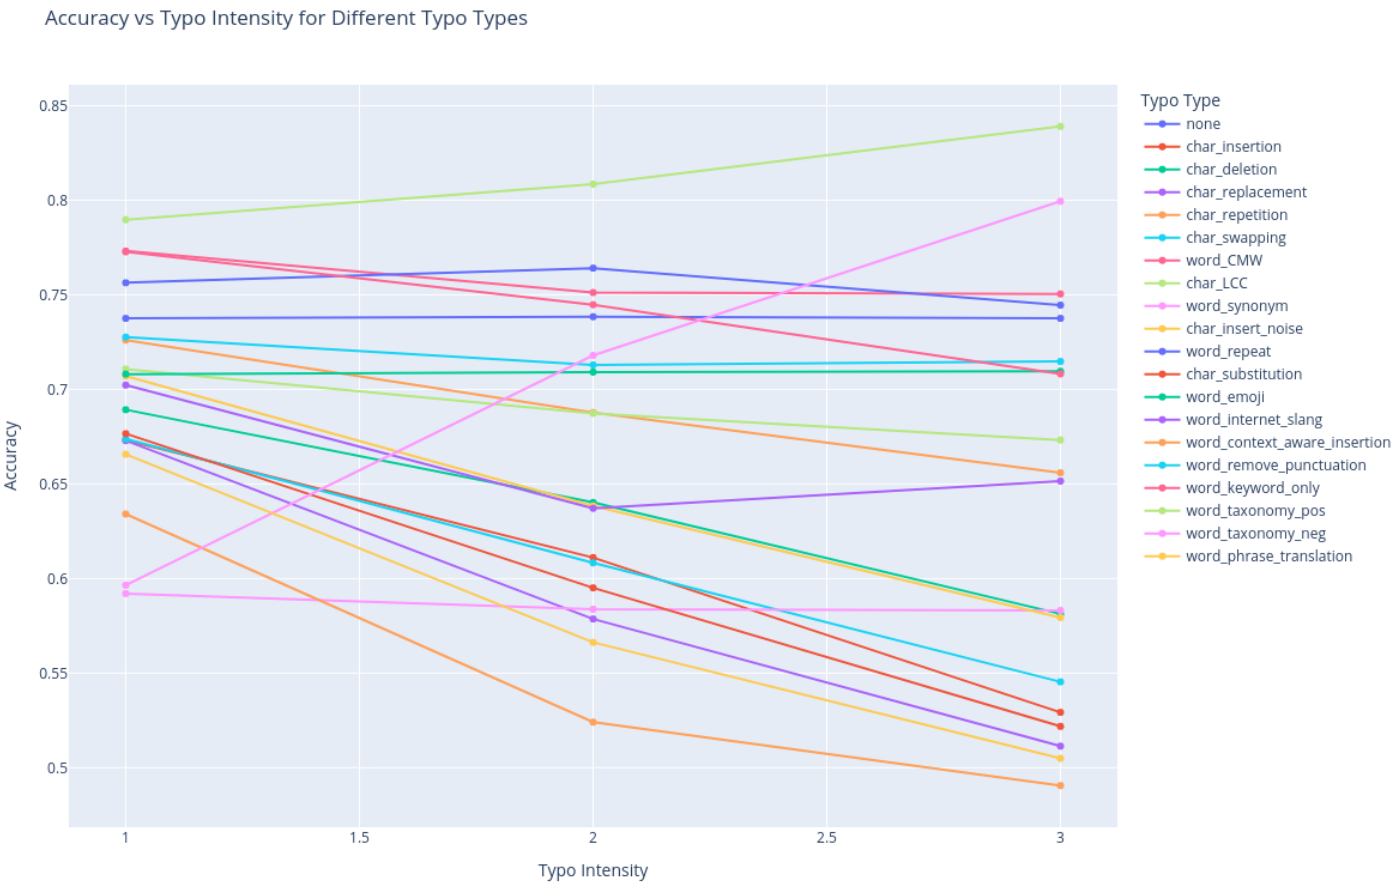

Model: Llama-3-8B

Strategy: Direct Completion

Max New Tokens: 25

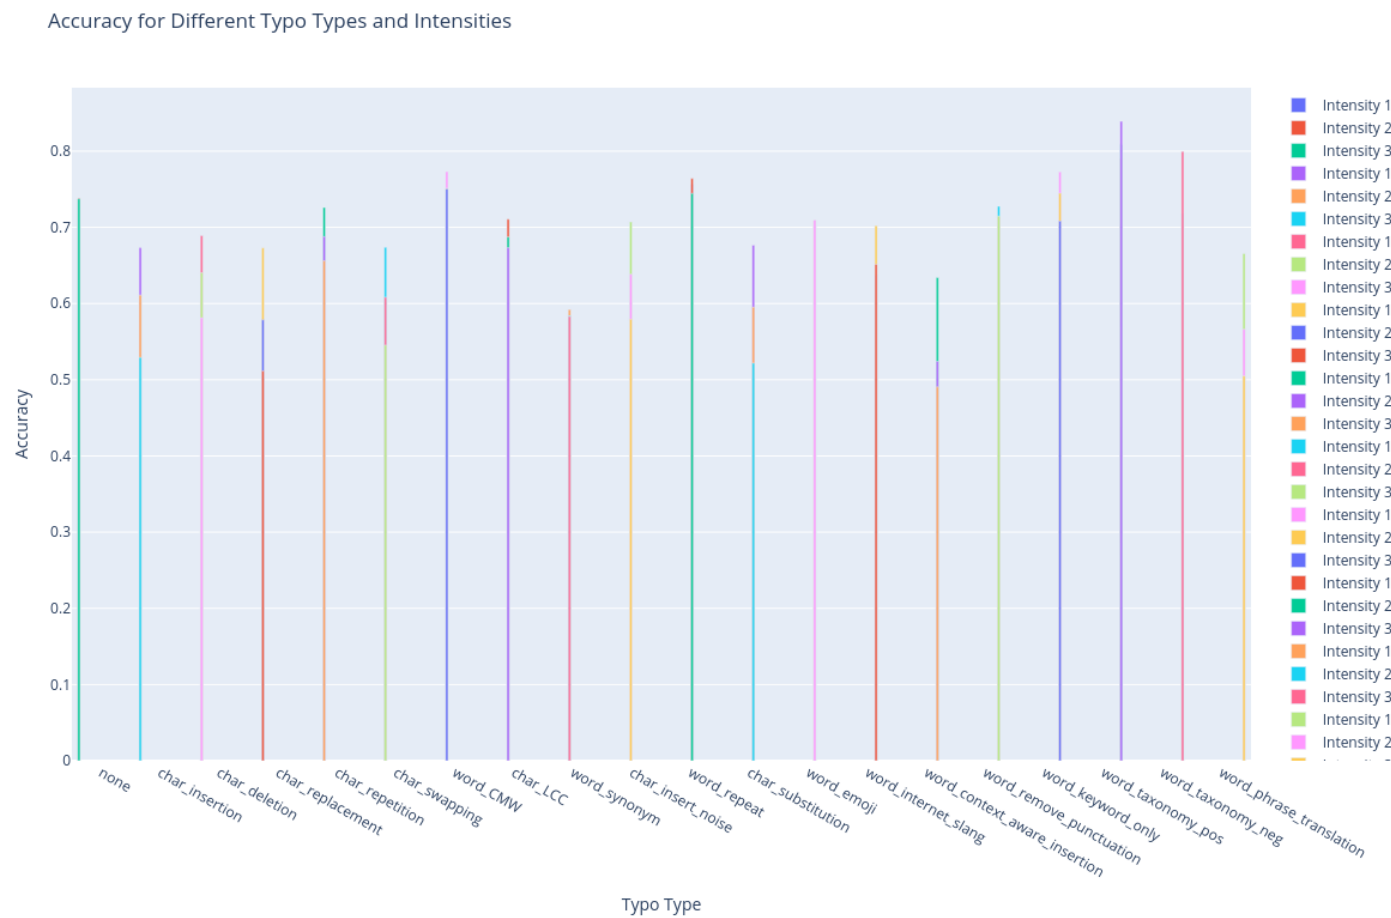

Temperature: 0.1

Line Plot of Accuracy

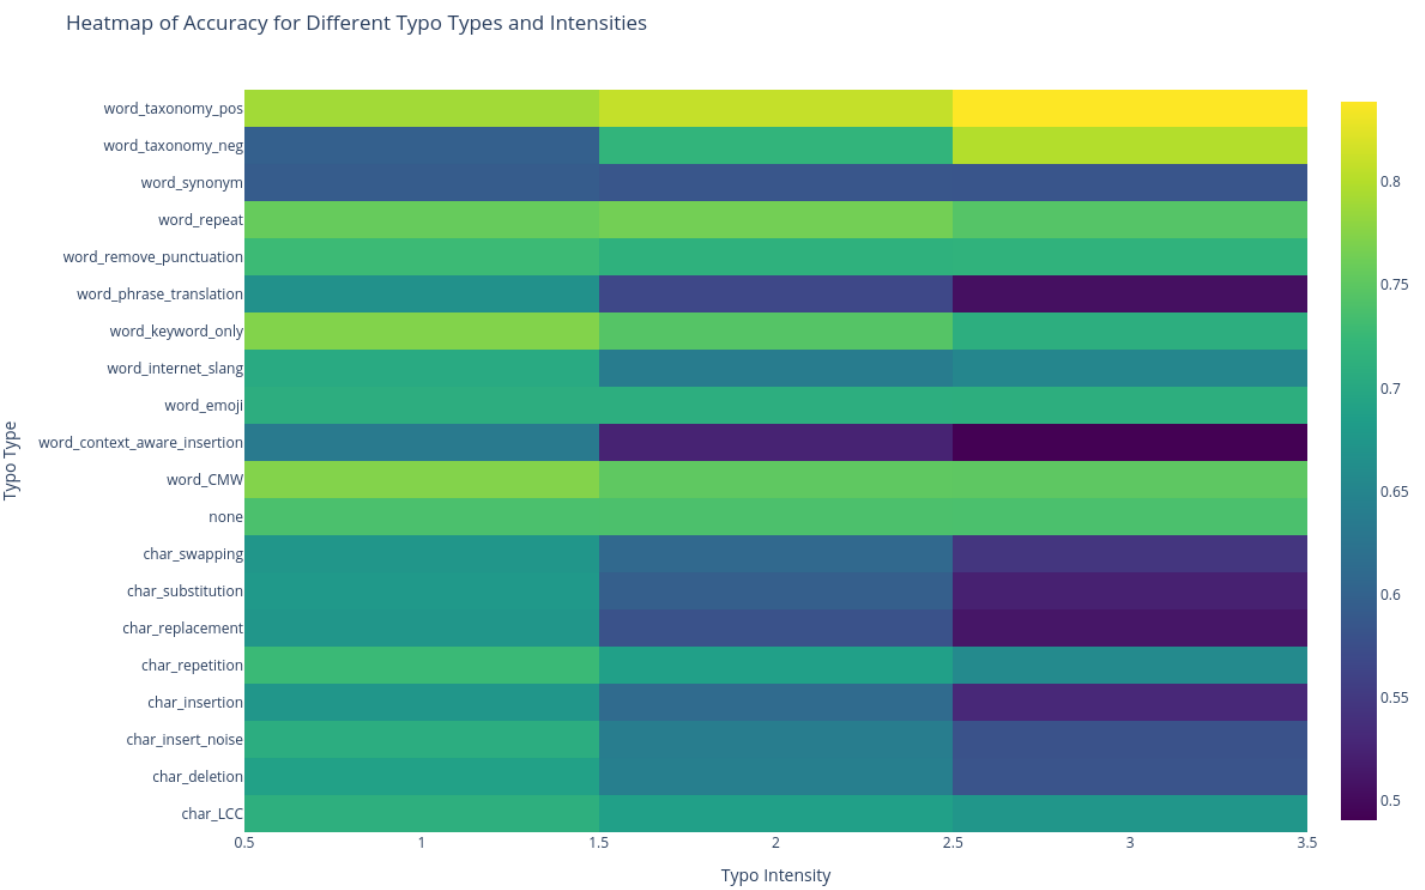

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Bar Plot of Accuracy

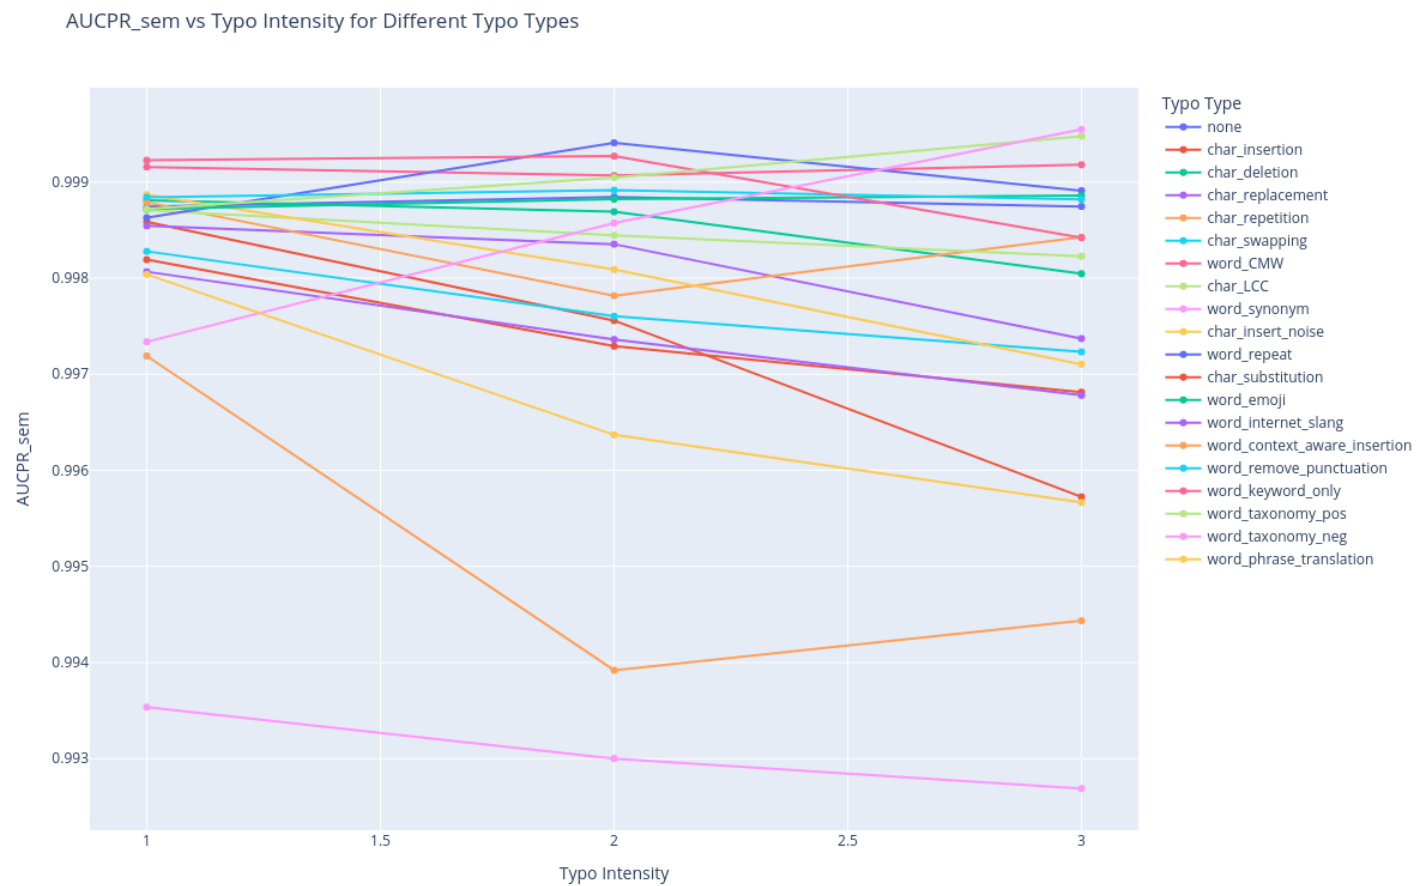

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Heatmap of Accuracy

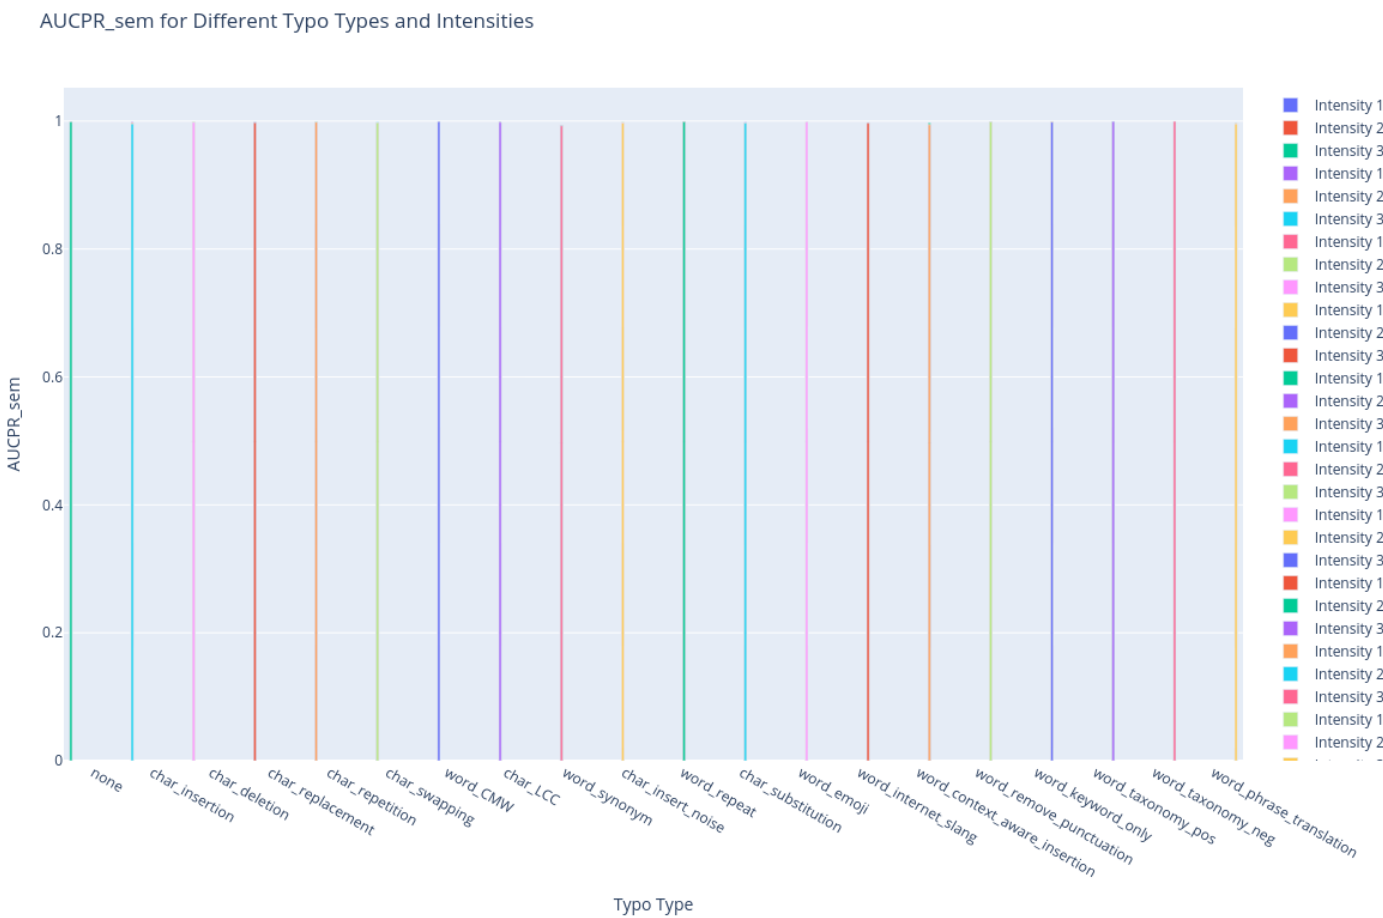

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Line Plot of AUCPR_sem

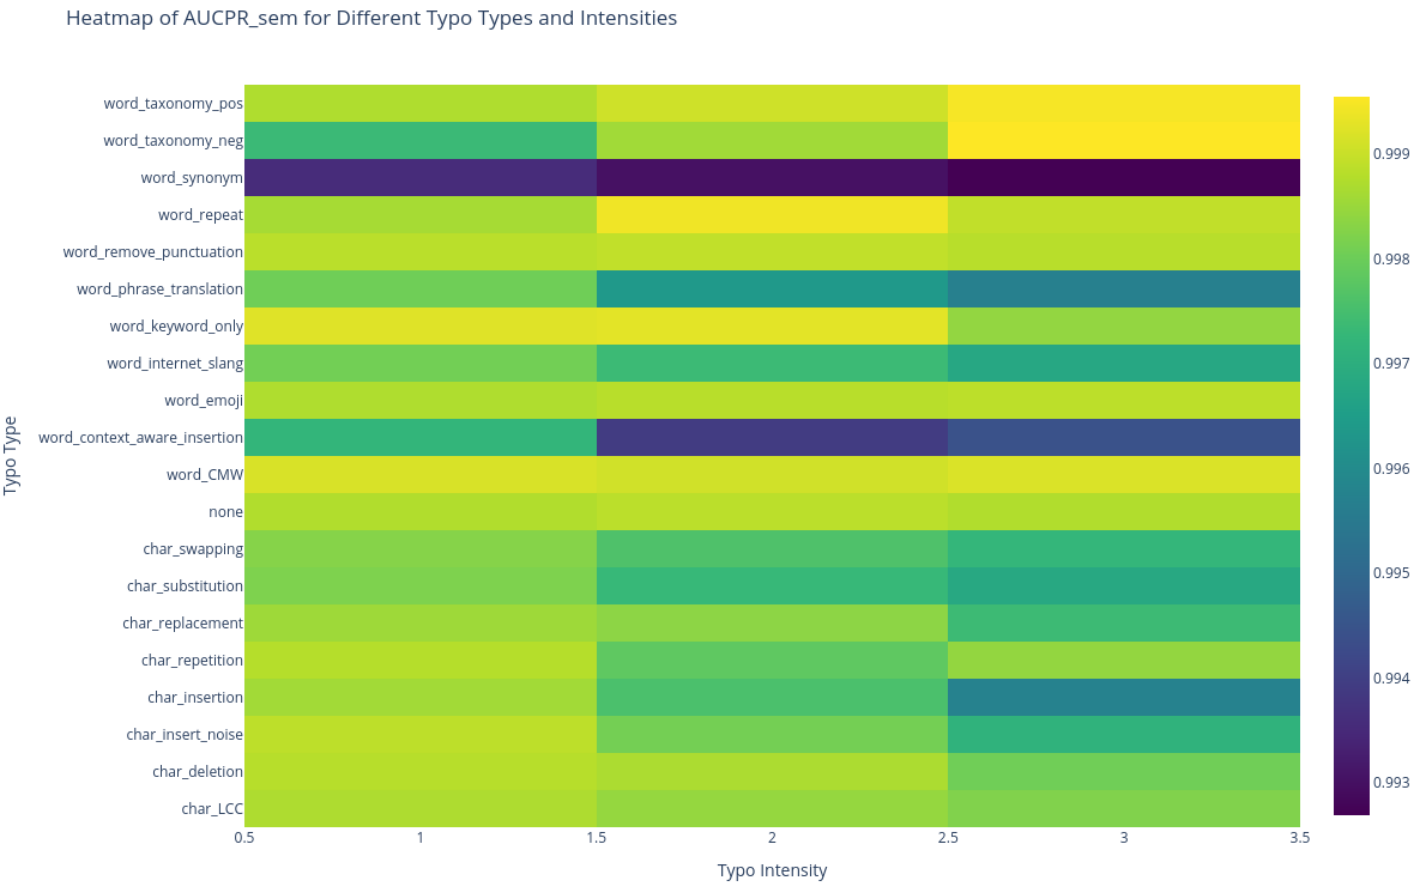

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Bar Plot of AUCPR_sem

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.

Heatmap of AUCPR_sem

This plot illustrates the impact of different typo types and intensities on the model's performance. Variations across typo types and intensities indicate areas where the model's reliability may be affected.
